Welcome to NextGen’s Spring Flint Hills Classic! Nestled in the vibrant Flint Hills of eastern Kansas, this region is the epicenter of the US beef backgrounding sector of the cattle industry.

NextGen is a team of people passionate about the cattle business. NextGen Cattle Feeding in Allen, KS (12,000 head feedyard facility), NextGen Cattle Feeding at Riverbend (50,000 head capacity feedyard) located in Hugoton, KS, NextGen Trading (offering commodities and feed procurement all across the US) and of course NextGen Cattle Co Ranch, the home to our Angus, Beefmaster, and Charolais seedstock operation as well as our commercial herd.

With spring upon us and summer just around the corner, it’s time to think about breeding decisions and maximizing the return on your calf crop. We continue to prove and believe more than ever that NextGen bulls, Beefmaster, Charolais, and Angus, can help you achieve your goals. At our core, NextGen is a genetics company. We focus on maternal heterosis and terminal crossbreeding, the two largest and underutilized revenue points available to the everyday rancher.

We believe the industry, and our customers, can best capitalize on the powerful nature of heterosis by utilizing a planned crossbreeding program based on the inherited traits we have selected. Few offerings will include as many bulls as NextGen that excel in carcass and growth traits, while at the same time offering strong maternal excellence. NextGen is committed to send our producers a full summary of both feedyard performance and carcass data to help you in strengthening your herd for maximum profitability in your calf crop. Utilization of EPDs, performance data, and ultrasound scanning information ensure that we offer bulls that you can bank on.

We feel, as you review the genetic offering in the spring Flint Hills Classic, you will find that we are committed to offering bulls that sire calves that hang profitably on the rail and produce the kind of females that have fertility and longevity that is essential for our customers.

We are honored to host you at NextGen Ranch. Please feel free to contact our team for details.

Thank you!

NextGen Cattle Company

SCHEDULE OF EVENTS

THURSDAY, APRIL 20, 2023

Cattle Viewing All Day

12 p.m. Bar Opens

4 p.m. Industry Update Producer Meeting

5 – 6:45 p.m. Food Trucks Serve Dinner

7 p.m. Diamonds of the Flint Hills Sale

Followed by Entertainment by Garin Nolan Band
Snacks & Cigar Roller

FRIDAY, APRIL 21, 2023

8 – 10 a.m. Bloody Mary Bar and Food Trucks Serve
Breakfast

11 a.m. Flint Hills Spring Classic Bull Sale

1 p.m. NextGen Beef Burger Lunch

SALE LOCATION

NextGen Ranch
31517 Vera Rd
Paxico, Kansas 66526

SALE GUARANTEE

The seller guarantees to the buyer that: 1) the pedigree, performance data and genetic information, as represented in any sales materials (including sale catalog, supplemental sheet or sale day announcement), are accurate; and, 2) all information from the BBU database is accompanied by an accurately stated "as of" date. The seller guarantees that all animals are breeders. Bulls eighteen (18) months or older are guaranteed by the seller to have passed a Bull Breeding Soundness Evaluation (BSE) and to have been certified a satisfactory potential breeder by a licensed veterinarian within forty-five (45) days prior to sale date. Results of the BSE must be reported on a fully completed official form and attached to the health papers required for the sale. If within one-hundred twenty (120) days from the date of sale, the bull has failed to pass a BSE certified by a licensed veterinarian, buyer must send seller written notification of the failure of the test within one-hundred and twenty (120) days from the date of sale and include the BSE test results. Within sixty (60) days after seller's notification of the failed BSE test, buyer and seller shall identify a mutually agreeable licensed veterinarian or technician certified by a licensed veterinarian to perform another BSE on the bull at the buyer's expense. The results of the test shall be deemed final and conclusive of this matter and binding on buyer and seller. If, in the opinion of said veterinarian or technician, the bull is unable to pass a BSE and be confirmed a satisfactory potential breeder, he shall so certify in writing to the seller and the buyer which shall include the official form used by the Society of Theriogenology or the official BBU BSE form. In such event the buyer may return the bull to the farm of seller, provided the bull is in good condition and in compliance with the health requirements of the seller's state, for a refund of the full purchase price. The acceptance of the refund of the full purchase price shall in any case be deemed full satisfaction and settlement of the matter. The seller and buyer shall bear equally all reasonable and necessary transportation expenses that are incurred in returning the animal to seller. Unless otherwise agreed by the buyer and the seller, the seller makes no guarantees with respect to the ability to freeze semen.

TERMS & CONDITIONS

Each animal will be sold to the highest bidder without reserve. The Auctioneer in charge will settle any dispute as to bids, and his decision on such matters shall be final. All sales are for cash unless satisfactory credit arrangements, including any possible reservation of security interest by the seller, have been made with the seller prior to sale. The risk of loss and injury of each animal passes to the buyer as soon as it is sold. A transferred certificate of registration must be furnished by the seller free of charge to the buyer for each animal within 45 days following the later of either the date of sale or upon the receipt of full payment. Unless otherwise announced, the seller guarantees that all animals are eligible for interstate shipment as required by applicable federal and state regulations.

For more information and updates about the sale, visit – www.NextGenCattle.com

ELITE BEEFMASTER FEMALES

THURSDAY, APRIL 20, 2023 • 7 PM • NEXTGEN RANCH

Sale Manager: Bruce Robbins 210-861-5136 • Sale Consultant: Mike Green 979-229-6563

What an impressive set of heifers to showcase the NG Foresight 1849F progeny that you will see for years to come. Out of the Pacesetter donor dam Miss CJ 28/15, this pick of open heifers are already proving the quality and performance of these cow families that include donors and semen sires the likes of CJ's Eye Candy, Mr CJ's Fireball, CJ's Gridmaster, Miss CJ 1780, and Miss CJ 22/17. Combining the power, quality, and consistency of McAlester and CHRK Black Ruby in Foresight, it's easy to see why these females have risen to the top of their class and will be staples in any program they go to.

ELITE BEEFMASTER FEMALES

This is a rare opportunity, and one that will likely never come again. McAlester X SWB League Of Her Own has been a tried-and-true mating in our program and from day one has produced outstanding individuals including donors and herd sires in multiple programs across the breed. 2315F is no exception and you can see the quality of these genetics together in this lot including the impressive heifer calf on the side! Lot 2 and 2A are going to make an impact in the breed and be a cornerstone in the program they end up in!

Lot 3 3-n-1 Pair

Talk about consistency and quality! 1849G has been a donor here as one of the most impressive Mac X Black Ruby females we have had on the ranch. Being a full sister to our outstanding donor 1849F13 and the semen sires NG Foresight 1849F and NG Gulf Stream, she is in line to be one of the greats. The dam of Lots 99 and 101, you can see for yourself the quality product to be expected from this female not to mention her first calf she weaned off, 1849J17, being an impressive individual, and her Blackmail calf on her side. These females won't be offered again and this is maybe the best we have had here!

AI'd 11/15/2022 to NG Granite 290H
Exposed to NG Pine Tar 290J9, 936J, and 1840J3

1878F9 is one of several impressive sisters we have relied on over the years and she is no exception! A full sister to the dam of NG Red Rock 1878H3, it's easy to see the quality and consistency of these lines. The stout Flint Rock heifer on her side is just another mark made for what she has to offer! AI'd 11/15/2022 to Hood Red Reserve. Exposed CU to NG Brett 1849J5, 1863J23, and 1863J12. Confirmed bred to CU, ECD 10/1/2023.
